YOUR PRACTITIONER

Michelle B. Hassine

RSHom (Overseas) · Classical Homeopath

GLD Framework · Human Chemistry Homeopathy (Ton Jansen)

Michelle is a classically trained homeopath whose practice draws on constitutional case-taking, the Grotthuss-Ling-Del Giudice (GLD) framework, and Human Chemistry Homeopathy as developed by Ton Jansen. Her work focuses on chronic and complex presentations, addressing each patient's full constitutional history. All consultations are conducted online.

Homeopathy is a holistic, safe, and gentle wellness approach that uses carefully selected natural remedies to support the body's own ability to find balance and restore vitality — addressing the whole person, not just the symptom.
